## **To whom it may concern:**

I have been involved with Babylon Communications Limited, on a professional level, for over a year. During this period Sam Abraham & his staff have performed installations & fault fixing for Walker Wireless in a timely & professional manner.

Whenever an urgent request from us has been placed on Babylon, Sam would always ensure he would get staff on the job no matter the time of day or day of the week.

In summary I have found Babylon Communications Limited an organisation the has been extremely accommodating & professional in their service delivery & communications & I will be continuing to use their services in the foreseeable future.
